App Studuju

Setting up crisis messages

We are increasing safety at the university

Set which uni buildings you are most often in. In the event of an emergency, you will be able to receive notifications via StuduJU.

As part of our efforts to improve safety at the university, we have added a new function to the app which aims to inform you in the event of crisis situations in all the uni buildings which you visit.

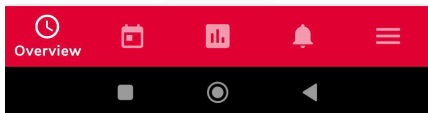

Why do we need to know which buildings you visit?

In order to provide you with relevant and timely alerts, it is important to know where you are most often during the semester.

How does it work?

1) Choose the buildings you visit: First, confirm the buildings where you have classes this semester (students, teachers), and/or the

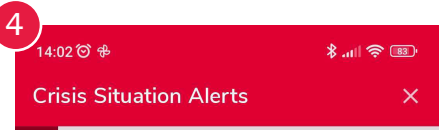

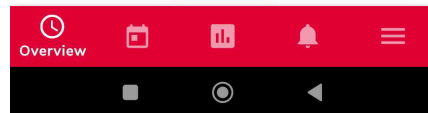

How does it work?

- 1) Choose the buildings you visit: First, confirm the buildings where you have classes this semester (students, teachers), and/or the buildings where you work.
- 2) Other buildings: You can also choose buildings from other faculties which you visit.
- 3) Operational buildings: Canteens, dorms, sport facilities and other operational buildings are also on the list.

Important notice:

To ensure that you receive all important information even in a crisis situation, it is necessary for your application to allow Loud Alerts, even if your telephone is in Silent Mode. That way, you will not miss important alerts.

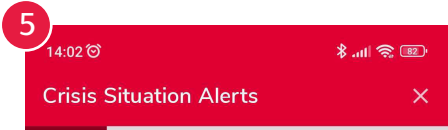

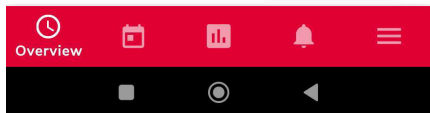

Thank you for your cooperation, and we wish you a safe and successful semester!

Recommended buildings

These buildings are selected based on your classrooms or workplaces in the current semester, and we recommend you leave them Enabled.

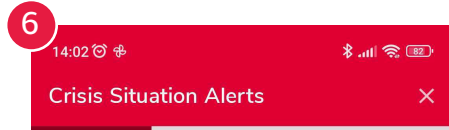

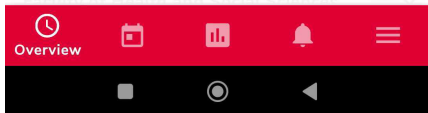

- Faculty of Economics - A Studentská 787/13, České Budějovice
- Faculty of Economics - F Studentská, České Budějovice

Classroom buildings

Enable notifications for other buildings which you visit outside your normal classes.

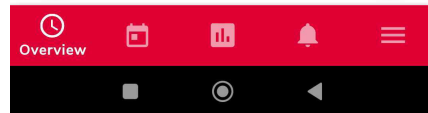

- Faculty of Economics**
 - Faculty of Economics - A Studentská 787/13, České Budějovice
 - Faculty of Economics - F Studentská, České Budějovice
- Faculty of Education**
- Faculty of Fisheries and Protection of Waters**
- Faculty of Arts**
- Rector's Office Branišovská 1645/31a, České Budějovice
- Faculty of Science**
- Faculty of Theology**
- of Agriculture

Battery optimization is disabled.

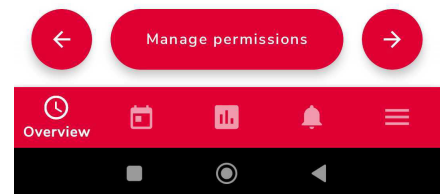

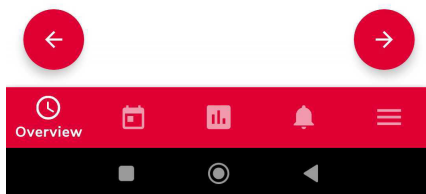

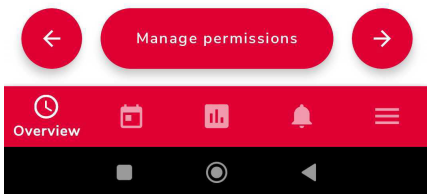

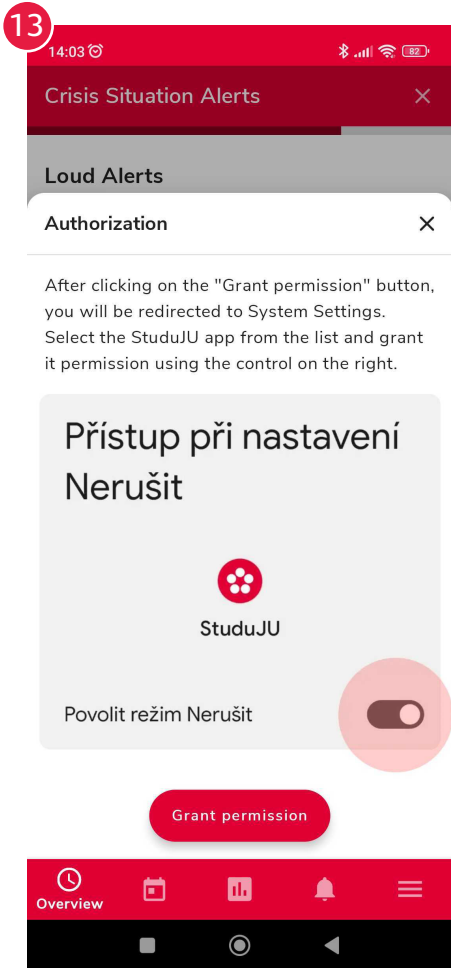

Loud Alerts

Do you want a sound notification even in a situation when you have Do Not Disturb in effect? If so, you must allow special permission.

Disabled

After clicking on the "Grant permission" button, you will be redirected to System Settings. Select the StuduJU app from the list and grant it permission using the control on the right.
